Experience

2017 - Present

Print Technology Specialist **Minneapolis College of Art and Design - Minneapolis, MN**

Practices advanced prepress techniques with incredible attention to detail under tight deadlines and with technical expertise to ensure quality product that reflects client goals. Responsible for maintaining print management documentation, overseeing student staff and recommending solutions for the College's printing needs. Coordinates with various departments, creative teams and print based courses to ensure design projects are ready for print.

2016 - 2017

VR/Graphic Designer **Visual VR Inc. - Minneapolis, MN**

Contracted to provide design execution on various projects with the development team including presentation mock-ups, event branding, promotional materials, environment design, and assets for digital advertisements.

2014 - 2016

Prepress Print Tech. **Minneapolis College of Art and Design - Minneapolis, MN**

Assisted in the preparation of design projects for print in a very critical and fast-paced environment while assisting team members and maintaining printing facility. Utilized extensive technical printing knowledge to improve client experience.
